### Winnebago Industries 50 Years on the Road:

Winnebago Industries founder the late John K. Hanson and wife Luise took an active role in the WIT Club GNR and could often be seen meeting members around the grounds or helping with activities until John K. passed away in 1996 and Luise in 2003. Their children Mary Jo and husband Gerald Boman, John V. Hanson and Paul D. Hanson are also charter members of WIT, and the Bomans continue to attend or participate in rally activities each year. WIT's GNR has been a special part of Winnebago Industries' 50 Years on the Road and will celebrate its 40th anniversary in 2009!
