## THE LAZY DAYS OF SUMMER

The "lazy days of summer" are almost gone, but that's just what we had at Twin Oaks RV Park in Elko, Georgia on September 21-23. With 32 coaches, and the Atlanta Metros as our fantastic hosts, we were lured out of our coaches with such things as an outing to a local restaurant, chase the ace, a hilarious Karioke night, plus lots of door prizes.

On Saturday, a pancake breakfast started it off, then a hot dog lunch, followed by a turkey and ham dinner with all the trimmings. What a feast! We were ready to sleep it off, but our hosts would have none of that - they had a big evening all planned for us. Dan Rankin emceed a Karioke evening that had everyone in stitches. (Check the picture to the right.)

After a continental breakfast, we had devotions by our chaplain, Henry Good, then it was time to "hit the road." It was a great outing, Metros. Thanks!

These sixty-four happy people at Twin Oaks wished you were there.

## TECH TIPS

By Rickey Heath

September 11, 2001 brought many changes in the U.S., one being homeland security. This year homeland security implemented a new requirement for travelers returning to U.S. from Mexico, Canada and Bermuda. A passport is required. Canada requires one to enter into their country. The procedure is lengthy, so if you need to get one or renew one, get started now. Don't wait 'til the day before you are to depart.

## LIVING BY GOD'S WORD

By  
Chaplain  
Henry Good

For the word of God is living and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow; it judges the thoughts and attitudes of the heart. Nothing in all creation is hidden from God's sight. Everything is uncovered and laid bare before the eyes of Him to whom we must give account. (Hebrews 4:12-13 NIV)

## THEY NEED YOUR PRAYERS

## DID YOU KNOW . . .

### that clear yogurt lids can protect your floors and cabinets?

We use a lot of yogurt and the clear lids from Publix yogurt make perfect receptacles as trays under metal cans that leave rings and ruin the finish of floor and cabinets. I use them for the cleanser can, air freshener can, hair spray can, and many other items. Just try it, . . . you'll be happy you did when you don't have any more dark rings to contend with.

# A VERY SPECIAL PLACE

## "THE HOUSE ON THE ROCK"

Spring Green, Wisconsin

By Theda Chambless

Right before Jesse and I left Grand National 2007 in July, we were talking with some friends about what direction we would take on the way back to Georgia. They said that if we didn't mind going out of our way a little, there was a wonderful attraction they knew we would enjoy. It was "The House on the Rock." Now that sounded kind of boring, but we told them we would go anyway because they were so excited about it.

Well, it was anything but boring! We were there for seven hours - they had to kick us out. Everything about that place is **overwhelming**. You've heard the saying, "what you see is what you get?" Well, what you see in the picture above is definitely not all you get.

"The House on the Rock" was built in the 1940's. It has 14 rooms and the cantilevered "Infinity Room" that extends out 218 feet over the forest tree tops.

Other than the main house, there are eleven other buildings housing everything from A to Z. One building houses what they call, "Streets of Yesterday," which takes you back in history and leaves you extremely nostalgic. Another building is the "Heritage of the Sea," which has a three-story whale fighting an octopus, plus numerous large ship models. The "Music of Yesterday" was one of our favorites and the "Organ Room" was a close second.

One building housed the largest carousel in the world along with walls and walls of carousel horses from bygone days. They had a doll house room and a doll house carousel. They also had a circus room which boasted one of the largest circus wagons in the world. It seems everything was oversize. It is **overwhelming**.

A full orchestra of instrument-equipped mannequins played their instruments on cue every time, as did many, many other musical devices used to entertain before the time of television.

There are also weapons galleries, armor galleries, crown jewel galleries, and an aviation gallery.

Spring Green is in southwest Wisconsin, approximately 50 miles east of the Mississippi River just off State Road 60. Governor Dodge State Park is a good place to park the motor home. It is convenient for a side trip to or from Grand National and it would be well worth your while to go . . . and as I said before, . . . **it is overwhelming!**

## BBQ Season Orientation

When a man volunteers to do the BBQ, the following chain of events are put into motion:

### BBQ Rules

Routine: (1) the woman buys the food; (2) the woman makes the salad, prepares the vegetables, and makes dessert; (3) the woman prepares the meat for cooking, places it on a tray along with the necessary cooking utensils and sauces, and takes it to the man who is lounging beside the grill - beer in hand.

Here comes the important part: (4) **the man places the meat on the grill.**

More routine: (5) the woman goes inside to organize the plates and cutlery; (6) the woman comes out to tell the man that the meat is burning. He thanks her and asks if she will bring another beer while he deals with the situation.

Important again: (7) **the man takes the meat off the grill and hands it to the woman.**

More routine: (8) the woman prepares the plates, salad, bread, utensils, napkins, sauces, and brings them to the table; (9) after eating, the woman clears the table and does the dishes.

And most important of all: (10) everyone **praises the man and thanks him** for his cooking efforts; (11) the man asks the woman how she enjoyed "her night off." And, upon seeing her annoyed reaction, concludes that there's just no pleasing some women.
